Mike,

Thanks for what you sent and will be sending.

When we spoke last Friday, I understood that Ameren had begun submitting data and/or documents in response to EPA's attached March 7 email to DNR. I don't believe that we've seen those submissions.

Thanks.

**Subject:** Dec 9th Ameren submittal

Maxine,

I believe I have forwarded all of the relevant electronic correspondence, and documents that pertain to your request....minus one big document, the Dec 9, 2015 hardcopy submittal from Ameren. I just

learned from one of our modelers that there is not an electronic copy of that submittal. Thus, I am having that scanned in as PDF by one of our clerical staff. There were multiple pages of loose material included in it, so it might take a bit to get done. However, anticipating early next week to get it to you.
